EDUCATION

Sandip University, Nashik

August 2023 - Present

Bachelor of Technology in Computer Science and Engineering (Cyber Security and Forensic)

SMDR Government Polytechnic College, Dhule

August 2020 - June 2023

Diploma in Computer Science

CAREER OBJECTIVE

To work for an organization that provides me the opportunity to improve my skills and knowledge, enabling growth along with the organizations objectives. I am a dynamic and motivated Java Developer with a solid foundation in Java programming.

PROJECTS

My Portfolio Website

Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and accomplishments. The website features a responsive design, ensuring compatibility across devices. Integrated with GitHub and LinkedIn, the portfolio highlights my expertise in web development and provides a platform for potential employers to connect with me.

E-Learning Website using PHP

Developed an e-learning website using PHP, providing a dynamic platform for online education. Implemented user authentication, course management, and interactive features to enhance the learning experience. This project demonstrates proficiency in PHP, MySQL, HTML, and CSS, showcasing my ability to create functional and user-friendly web applications.

PhishNet-Phishing URL Detection Using Python

Developed PhishNet, a Phishing URL Detection system using Python, implementing machine learning algorithms to accurately identify and classify malicious URLs. In addition to detection, PhishNet features a trust score calculation based on WHOIS data, SSL certificates, and various other security factors.
